

MONKEYCHICKEN STUDIOS

Sports Photography

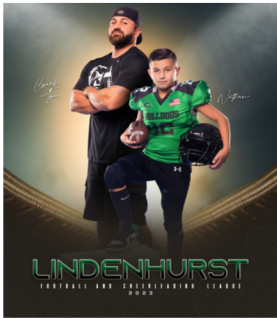

At Monkey Chicken Studios we offer a new and exciting way to showcase your teams. Our sessions are fun, streamlined and the best part is you will love the results!

These are some of our available fully customizable templates:

The process

1. After contract is signed we begin the design process. Each team's templates are customized to fit their colors and style. 2 drafts will be sent for approval. You may request as many as 3 updates/changes to arrive at the perfect template.
2. Sign up link is created! We open a certain amount of days to accommodate your whole organization in private sessions.
3. Our set is created to photograph each subject individually. Everybody gets a private micro session. No long waits in a crowded room or outdoor field!
4. We make sure to have the coolest poses to create a magical team collage and of course an individual photo worthy of the Hall of Fame! A Memory Mate can also be part of the mix if you select this option. We also have options for session organizations that don't work on teams. Coach and Staff photos can also be requested
5. At the end of each micro session, everybody takes home a personal code to access their designs when ready. No more paper orders!
6. Designs are uploaded and ready to order! Prepaid items are delivered. The custom shop (for specialty items like oversized posters and statuettes) is open for orders as well.
7. Everybody love their photos and rave about their experience!

F. a. Q.

Sibling Photos, special groupings or custom orders.

Once all images from your session are uploaded we open the Custom Design Store (accessible from our website www.monkeychickenstudios.com). Parents can purchase any additional designs for a small fee. Since we photograph everybody individually, we can create groupings using our editing software. We offer Siblings, besties, coach&me, alternative individuals, or triple image designs (all 3 photos taken during the session of each kid in one design). Once the design is finalized, each custom design is uploaded to the ordering website and parents receive a code to view and order their custom design. The fee is returned to each client as a discount code to be applied to their print or order.

Are there Management Packages included?

We create gift packs for the Board of directors or management teams and Coach/Parent and if your organization requires it.

Do you include any FREE packs?

If required, we gift up to 3 print packages for every 150 kids to be distributed at your discretion.

Can we apply a commission percentage to your orders?

After many years in the high volume photography business we understand the need to change the commission concept. Our new approach keeps parents and/or organization members in the loop by choosing any of our commission options.

We want to create a special item for our teams. Can you make it happen?

We can create pretty much anything. Just let us know and we will source it for you.

Our gift items are always getting updated, so you may see an item on our ordering page that is not available here! We like to surprise our clients with new and exciting offerings.

Investment

Our goal is to offer the highest quality photography services at a fair price. There are two ways to set up sessions, flat fee Pre-Paid or Standard (online purchase).

Who we are

We are two world travelers who have spent about 20 years immersed in every aspect of the wonderful world of photography, from Editorial, Fashion, and Portraiture, to Architectural and Commercial, there has not been a day when a camera was not far from our reach.

After many successful projects individually, we joined forces to create
Monkey Chicken Studios.
